### **Seth Glier**

“Sojourn”

(self-released)

Produced by Michael Gregory (Mick Jagger, Carlos Santana) and engineered by Angelo Qualia (Luther Vandross, Madonna). Shelburne resident Seth Glier was still in high school when he recorded this disc. The six jazzy pop songs here showcase his ongoing growth as a singer-songwriter and pianist and reflect a maturity beyond his years. Glier’s multi-octave expressive voice swoops and soars through a love song like “Circle of Addiction,” while Michael Gregory’s guitar work and Joe Nearney’s sax playing add nice touches to his enticing sound. Glier is a young artist with a promising future.
